Statement Regarding Hate

The Orion Township Public Library affirms the worth of all people and stands firmly against hate. We denounce hateful behavior and prohibit any behavior that incites discrimination, hostility, or violence.

As individuals, we may not agree with the beliefs of others. However, we can agree that all human beings should have a fair and equitable chance at living their best life according to their own beliefs and values.

We encourage the opposition of hateful behavior by expressing any differences in a respectful and civil manner.
